MINI PROJECT

1.TRAVEL INFINITY WEBSITE DEVELOPMENT PROJECT

Description:

Developed a comprehensive platform where users can create and manage a personal bucket list, post images, and share memories on their profiles.

Key Features:

- User-friendly interface for creating and tracking bucket list items.
- Secure photo and memory uploads with personal profile management.
- Integration of social features for sharing experiences within the community.

Technologies Used:

- JavaScript, HTML, CSS, Xampp, Php

2.HAPPYTYS PROJECT

- Developed the frontend part of the happytys.in website.
- Worked on optimizing user experience and ensuring cross-browser compatibility.
